**You're Invited...
Motorcycling Mexico, South America & Turkey Presentation**

Date: March 5, 2005
Time: 3pm to Closing
Place: Lone Star BMW
City: Austin, Texas

MotoDiscovery (formerly Pancho Villa Moto-Tours) has entertained and informed motorcycle touring enthusiasts for nearly 25 years, offering slide shows, multimedia presentations and seminars that always serve to inspire and enlighten the adventurous traveler. Thanks to the gracious participation of our co-hosts, Lone Star BMW/Triumph in Austin, Texas, on Saturday March 5th (from 3pm to closing) MotoDiscovery will be sharing with you the roads of exciting destinations that we currently ride along with new offerings for the coming season.

In May of 2004, MotoDiscovery staged its first extended 30-day Expedition of the fascinating land of Turkey. As special guest for this presentation, we will be welcoming our MotoDiscovery Turkish partner, Kazim ("Kaz") Uzunoglu who will be sharing the podium to give attendees the real story about what is no doubt the most exotic, culturally rich and historically profound riding destinations that we have ever offered.

On Saturday March 5th cap off your day of Hill Country riding by making your way to Lone Star BMW/Triumph to see the sights and hear the sounds of great riding destinations worldwide. Tell all your friends and fellow riding club members! Call MotoDiscovery for details. We look forward to seeing you and sharing our dreams of great motorcycling discoveries. Refreshments will be served...
